

# SLIDE AND ATTRACTION ACCESSIBILITY GUIDE

## RIDE SAFETY

Under the Ohio Revised Code Section 993.08 that riders must obey all warnings and directions regarding amusement park rides and behave in a manner that will not cause or contribute to injury of themselves or others. Failure to comply is a misdemeanor. This includes people who behave in an unruly fashion or give the indication of being under the influence of alcohol or chemical intoxicants.

While all amusement attractions have associated risks, certain individuals are at an increased risk for injury from these attractions. Carefully evaluate each attraction to determine if you or members of your party can safely participate. We reserve the right to deny access to a ride or attraction to anyone we feel may not be able to safely experience the ride or may be hazardous to others.

The safety of our guests, animals and team members is the #1 priority at Zoombezi Bay. Safety is a shared partnership between the park and our guests. Guests are asked to carefully review and consider all ride and attraction restrictions using good judgment. Written instructions are available with the ride operator at all the rides for those who are hearing impaired.

## RIDE SAFETY

**Supervising Companion:** An accompanying companion is someone who meets all ride requirements themselves, is at least 14 years of age, and demonstrates appropriate observed behavior. Most rides require ONE supervising companion per guest unless otherwise stated.

**Full Upper Body Control:** The ability to sit or stand upright without assistance. This includes the ability to use an arm to brace.

**Ability To Grasp:** The ability to bend at least one arm and use it to hold the restraint or front of the car.

**! ALL INFORMATION HEREIN IS SUBJECT TO CHANGE WITHOUT NOTICE.**

**Zoombezi Bay**

## Soundsurfer

**Description:** This five-person raft ride includes LED lights, speakers, and a mist-filled splashdown. Riders can pick from eight programmable experiences. You choose the ride—enjoy tunes such as Hip Hop Drop or Rockin’ Rafts! This 512-foot water slide propels guests through a series of acceleration drops, vortex loops, and back-to-back curves with themed lights and sounds before jetting into the pool below. Raft transport is complimentary.

**Special Requirements:**

Riders must be 48” or 42” tall if accompanied by a supervising companion. Guests who have sensitivity to flashing lights or loud noises should not ride. Riders must have full upper body control, and have the ability to grasp. Do not ride if you have heart, back, neck ailments, motion sickness, a recent surgery, are or may be pregnant, or have a fear of heights.

- Scales are used at this attraction
- Maximum of 800 pounds per family style tube. (2-5 riders)
- Stairs/climbing involved to access ride
